12/15/05	E. Licker	LM

	Eugene Licker	<p>I showed up late am at Amerindo, dealt with representation issues, talked to Feiter, got Litt's number. Called Litt. Mid-afternoon, preservation notification. Spoke to Feiter Litt. Sent out order. Early evening. Conversation re: postal inspectors in midst of warrant, getting late, to facilitate everyone's convenience. Licker agreed to preserve property on location, accept GJ subpoena. Faxed to Licker. Done b/c getting late; couldn't get done that day.</p> <p>Time between discussion and GJ subpoena being sent.</p> <p>On phone with Toner and Vic Rocco (for Tanaka). Cannot imagine that subject did not come up. Don't remember whether spoke to Vilar's counsel that day.</p> <p>Believe told Glenn and Steve in July no definite recollection. Important part of what he knew. Same for Jeff in September (soft recollection)</p>
